Dear sir:

I am writing to you because I have been working on my family history and am wondering if your society could be of any assistance.My mother and father are natives of Carbondale and we visit and stay with relatives about twice a month. I have traced my family back to the 1840s in Carbondale.What does your society offer? Can you assist me in search of my family's history in Carbondale? Can I join your society? Please inform me of my questions at my address above. Thank you for your time and help they are greatly appreciated.

Sincerely,

Joe Grandinetti
